GUIDELINES TO CHANGE LOGIN (NETID) AND PASSWORD

2. Click on “Login” in the left menu.

3. Enter your account details (the username that has been assigned to you can be as follows: firstname.lastname@supsi.ch, username@usi.ch, number@lu.unisi.ch).
4. Click on "NetID profile" in the left menu.

5. Your personal information will be displayed, click on "Modify profile" on the bottom of the page.

6. If you want, you can create an alias: insert the alias you prefer and select @netid.usi.ch or @netid.supsi.ch among the alias types (you can also choose @netid, but be aware that with this option you won’t be able to connect to the Eduroam wifi). Decide how to be informed about changes in your password and how to reset your password (mandatory). Example:
7. Click on “Send”. Now, your username for the iCorsi3 platform will be alias@netid.usi.ch (or alias@netid).
   In any case, the username that has been originally assigned to you will continue to be valid: you can continue using it.

8. Now you can change your password. Click on “Password change” in the left menu.
9. Insert once the actual password and twice the new password, then, click on “Submit”.

10. Login to the iCorsi3 platform with the new password.
... WHAT IF I FORGET MY PASSWORD?

1. Go to [https://netid.usi.ch/go](https://netid.usi.ch/go) or [https://netid.supsi.ch/go](https://netid.supsi.ch/go).

2. Click on “**Password reset**” in the left menu.

3. Insert your username, insert the verification code (“**Captcha**”), then click on “**Submit**”. A new password will be sent to the e-mail address you specified in your personal profile or via SMS (see above, point 6).
